

## Year 1 Comprehension 15: The Music of Dreams

In a land where dreams sparkled like stars, there lived a little girl named Mia. Mia loved to listen to the music of dreams. Every night, as she closed her eyes, beautiful melodies filled her head.

One night, something magical happened. Mia saw a shooting star while she was falling asleep. She made a wish to visit the land of dreams. As she drifted off, a gentle wind carried her to Dreamland.

In Dreamland, everything was made of bright colours and soft clouds. Mia danced with friendly animals, and the flowers swayed to the rhythm of her favourite songs. The sky was a canvas of twinkling notes.

Mia realized that the music she heard at night was the language of Dreamland. She listened to the melodies of the trees, the giggles of the stars, and the whispers of the moon.

When it was time to wake up, Mia carried a piece of Dreamland's music with her. From then on, every time she closed her eyes, she could hear the sweet music of dreams, reminding her of her magical adventure.
