

## Year 1 Comprehension 9: Trip to Australia

Once upon a time, there were three best friends named Lily, Timmy, and Emma. They went on a super-duper exciting trip to Australia!

They hopped on a big airplane that zoomed high in the sky. They saw fluffy clouds that looked like funny animals. When they landed, they saw kangaroos hopping around with their big bouncy legs. "Wow!" they shouted.

They went to the beach, and the sand felt warm under their toes. They built a sandcastle and found colourful seashells. They even saw a cute koala sleeping in a tree.

Lily, Timmy, and Emma tried new foods like yummy Vegemite on toast and had juicy oranges. They giggled when they heard kangaroos make funny noises.

At night, they looked up at the sky and saw twinkling stars and a bright moon. Their trip to Australia was a fantastic adventure they would always remember. And they couldn't wait to tell their classmates all about it!
