

## Year 2 Comprehension 20: Tour De France

Once upon a time, there was a family: Mom, Dad, and their little girl named Lily. They decided to go on a big adventure to a place called France. Lily was very excited! They packed their bags with clothes, snacks, and their favourite teddy bears. Then they hopped on a big airplane. Lily looked out of the window and saw fluffy clouds and tiny houses below.

When they landed in France, they saw the Eiffel Tower, a very tall and pointy tower that looked like a giant puzzle. They took lots of pictures!

They went to a bakery and tasted delicious croissants and colourful macarons. Yummy! They also saw artists painting pictures on the street.

Lily tried to speak in French. She said "Bonjour" which means "Hello," and "Merci" which means "Thank you." The people smiled and liked Lily's effort.

One day, they went to a beautiful garden called Versailles. There were pretty flowers, fountains, and even a palace! Lily felt like a princess.

After many days of fun, it was time to go back home. Lily felt a little sad, but she knew she could always remember the wonderful time she had in France. And so, the family flew back home with their bags full of memories. Lily cuddled her teddy bear and fell asleep on the airplane, dreaming of the Eiffel Tower and the tasty treats in France.

## Multiple Choice Questions

1. Who went on a trip to France?

- a) Just Lily
- b) Lily and her teddy bear
- c) Mom, Dad, and Lily
