

## Year 1 Comprehension 18: The Friendly Fox

Once upon a time in a big, green forest, there lived a friendly fox named Freddy. Freddy had soft, orange fur and a shiny, bushy tail. He loved to play and explore every day.

One sunny morning, as Freddy was hopping through the tall grass, he saw a colourful butterfly named Bella. Bella had bright wings that fluttered gracefully. Freddy said, "Hello, Bella! Would you like to play with me today?"

Bella giggled and replied, "Sure, Freddy! Let's play tag!"

Freddy and Bella played tag all morning. They chased each other through the trees and bushes, laughing and having so much fun. When it was time to go home, they said goodbye with big smiles on their faces.

From that day on, Freddy and Bella became the best of friends. They played together every day, and their friendship made the forest a happier place for everyone.

And so, in the big, green forest, Freddy the friendly fox and Bella the colourful butterfly had wonderful adventures together, showing that friends can be found in the most unexpected places.

## Multiple Choice Questions

1. What is the name of the friendly fox in the story?

- A) Benny
