

Year 1 Comprehension 19: The Amazing Game

Once upon a time in a colourful town, there was a group of friends named Tim, Sarah, and Ben. They loved to play together every day. One sunny morning, they decided to create an amazing game.

Tim had a bouncy ball, Sarah had a skipping rope, and Ben had a big box of colourful chalk. They decided to use all these things to make their game super special.

First, they drew a giant hopscotch board on the sidewalk with the chalk. Then, they used the skipping rope to make a jump rope challenge. Tim even bounced the ball while hopping through the hopscotch!

They took turns playing each part of the game. It was so much fun, and they laughed and cheered all day. Their amazing game was a big success!

As the sun set, they knew they had made a special memory. Tim, Sarah, and Ben learned that when friends work together, they can create the most amazing games and have the best time ever. And that's how their day became truly fantastic!

Multiple Choice Questions

1. Who are the main characters in the story?

- A) Tim, Sarah, and Ben
