

# Year 6 Comprehension 1: A Magical Journey to the Pyramids

Once upon a time, there was a boy named Sam who loved reading books about ancient places and mysterious adventures. Every night before bed, he would imagine himself traveling to faraway lands. But his favorite dream was about visiting the Pyramids of Giza in Egypt.

One warm summer evening, after finishing his homework and brushing his teeth, Sam snuggled into bed with his favorite book about ancient Egypt. As he closed his eyes, he wished with all his might to see the great pyramids up close.

Suddenly, Sam felt himself being lifted into the air. He opened his eyes to find that he was floating above the ground, surrounded by twinkling stars. Below him, he could see the sandy dunes of the Egyptian desert stretching out in all directions.

Before long, Sam landed softly on the soft sand near the majestic pyramids. They were even more enormous and grand than he had imagined! The stones that made up the pyramids sparkled in the moonlight, and Sam could hardly believe he was really there.

As he walked closer to the pyramids, Sam noticed hieroglyphics carved into the walls. They looked like ancient pictures and symbols telling stories of pharaohs and gods. Sam ran his fingers over the smooth stones, feeling the magic of history beneath his fingertips.

Just then, a friendly voice called out to him. It was a wise old camel named Cleo. Cleo had a kind face and warm eyes, and she offered to show Sam around the pyramids. Sam eagerly climbed onto Cleo's back, and together they set off on an adventure.

Cleo took Sam through narrow passageways and secret chambers inside the pyramids. They discovered treasure chests filled with golden jewelry and precious gems that sparkled in the torchlight. Sam felt like a true explorer uncovering ancient mysteries.

After exploring inside the pyramids, Sam and Cleo climbed to the very top. From there, they could see the vast desert stretching out below them, with the Nile River winding its way through the golden sands. Sam felt like he was on top of the world, with the wind blowing gently through his hair.

As the sun began to rise, painting the sky in shades of pink and orange, Sam knew it was time to go home. He hugged Cleo tightly and thanked her for the incredible adventure. Cleo nuzzled him affectionately before trotting off into the desert.

With a heart full of joy and wonder, Sam closed his eyes and wished to return home. In an instant, he felt himself floating through the air once more, back to his cozy bedroom. He woke up with a smile on his face, knowing that he had experienced the most magical dream of his life.

From that day on, Sam never stopped dreaming about the Pyramids of Giza and the incredible adventures he had with his friend Cleo. And whenever he opened his favorite book about ancient Egypt, he would remember the night he visited the pyramids and felt like a true explorer.

And so, Sam's love for history and adventure grew stronger with each passing day, fueled by the memory of his magical journey to the Pyramids of Giza.

## Multiple Choice Questions

1. How did Sam travel to the Pyramids of Giza?

- A) By car
- B) By magic
- C) By airplane
- D) By boat

2. What did Sam see carved into the walls of the pyramids?
